

arete

Capital Radiology

In 2015, arete Australia successfully completed renovations for Capital Radiology's Niddrie and Dandenong locations.

The project involved:

- Modernising reception areas and waiting rooms
- Refurbishing MRI clinics
- Installing custom reception pods and branded carpeting
- Upgrading to energy-efficient lighting
- Adding acoustic bulkheads and feature green walls

To maintain clinic operations, our team executed all work outside business hours and on weekends, ensuring minimal disruption to patient care.
