

Specialist Family Violence Integrated Court Response - Moorabbin

arete Australia was engaged to deliver an extension at the Moorabbin Magistrates Court, creating secure and supportive spaces for individuals experiencing family violence to access assistance and legal advice in a safe environment.

The project involved comprehensive structural and civil works, including upgrades to pre-cast panels, post-tensioned and reinforced concrete, as well as enhancements to essential electrical services, communications, fire, hydraulic, security, and AV systems. The fitout spanned the lower ground, ground, and mezzanine levels (Zones A and B), and included the installation of walls, ceilings, flooring, furniture, fixtures, and equipment designed to meet the specific requirements of a specialist family violence court.

Throughout the project, arete worked closely with court management to minimize disruptions to proceedings and implemented a detailed safety plan to ensure works were completed safely and on schedule. The result is a secure, purpose-built environment that supports those in need with the privacy, protection, and care they require.
