arete

Melbourne East Police Station

arete Australia successfully completed the fitout for the new Melbourne East Police Station, covering the ground floor and Levels 2 and 3 of Building 202.

The ground floor features all essential Victoria Police facilities, including a watch house/reception area, interview rooms, holding cells, offices, amenities, and a newly designed shopfront with a canopy.

Levels 2 and 3 house expansive office spaces, designed for open-plan workstations, kitchens, meeting and training rooms, sleeping quarters, equipment distribution, and COMMS rooms. Additional facilities include end-of-trip amenities, a gym, and space for the bike squad.

The fitout was designed to meet stringent security requirements, with key areas constructed to ASIO standards.
