

Swinburne University EN Lecture Theatre Refurbishment

arete Australia was engaged by Swinburne University of Technology to refurbish a series of lecture theatres within the Engineering Building (EN) at the Hawthorn Campus, encompassing EN313, EN413, and EN715 on Levels 3, 4, and 7 respectively.

The project introduced a fresh, contemporary look through a combination of new paintwork, re-covered seating, re-laminated benches, and updated entry doors. In addition, the installation of LED lighting and new carpeting throughout created a more inviting and functional learning environment, reflecting Swinburne's commitment to delivering exceptional educational spaces.
